# INTRODUCTION

This is the third edition of R. L. Polk & Co.'s Reno, Sparks, Washoe County & Carson City Directory and it is presented with the assurance that the information will be found as complete as is possible to make a work of this kind.

We wish to extend our sincere thanks to our many patrons and others who have so kindly assisted us in gathering together the needed information for this directory and for the loyal support given us.

We wish to call your attention to the fact of our having established an up-to-date Directory library in connection with the Reno Commercial Club for the free use of our patrons and friends and we will appreciate your making a liberal use of these books. We will also have a copy of the Reno City Directory placed in the Directory libraries of all the principal cities in the United States in keeping with our exchange system. This in itself is quite an advertisement for any city and the loyal support given us by the Reno business and professional men make it possible for Reno to be placed with other cities we publish on this Library Exchange list.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory reference, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

R E N O

Real Facts Which Proclaim This City a Modern, Progressive  
American Community.

Furnished and Compiled by the Reno Commercial Club.

---

Reno is the county seat of Washoe County and the metropolis of the State of Nevada. It is situated on the banks of the Truckee River, on the east base of the Sierra Nevada mountains, at an elevation of 4,500 feet. San Francisco is 244 miles to the west and Salt Lake 576 miles to the east. The Southern Pacific, Western Pacific and the Virginia & Truckee railroads give daily service through Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and a few miles to the east is Virginia City, the home of the famous Comstock mines.

Reno was settled in 1858 by eastern emigrants who had started for California, but seeing the fertile lands of the Truckee meadows with the bleak Sierra Nevada mountains between them and California, settled in the seclusion of this valley. In 1869 it was incorporated and in 1901 chartered as a city.

**RENO—Continued**

The chief industrial establishments are abattoir and packing house, electric-power plant, pressed brick works, two flour mills, cracker factory and a number of smaller manufactories. It is in a farming and stock-raising region, and is the center of the shipping in and out of the state, and is an important distributing point for a vast territory covering Northern California and all of Nevada. It is the seat of the University of Nevada, which ranks high among the colleges of the United States.

The population is estimated at 18,000. The government is vested in a mayor and a city council of five members, all of whom are elected by the people. The principal public buildings are a government building, eight churches, the Nevada State Hospital for Mental Diseases; educational buildings at the State University, State Agricultural College and Experiment Station, Normal School, Carnegie Library, eight public schools and two kindergartens, social clubs, five banks, county buildings, and the Reno Commercial Club.

Reno is a live enterprising city with all modern improvements consisting of an electric street railway, gas, water, electric and power facilities; public and private schools, churches of all denominations; hospitals, Y. M. C. A., theatres, good hotels and restaurants.

Twenty miles to the west is Lake Tahoe, the gem lake of the continent. Thirty miles to the east is Pyramid Lake, a picturesque lake situated in an Indian reservation. Two hours' drive to Feather River, situated in the Big Pines of California. One day drive to Yosemite National Park. Bowers Springs and Steamboat Springs are within a few miles of Reno where there is bathing the year round, due to hot water springs of volcanic origin.

Reno is the city with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished.

Reno is the biggest little city on the map.

### RENO STREET, AVENUE AND ADDITION GUIDE

#### STREET AND AVENUE GUIDE EXPLANATORY

Following will be found a complete list of the streets and avenues of Reno. The city has the 100 to the block system of numbering and for the purpose of uniformity all numbers on streets running east and west commence at Virginia street, the prefix E or W indicating whether the number on any such street is east or west of Virginia street. Streets running north and south are similarly divided by the Truckee river N or S being used to show which side of the river the street number is on. There are many short streets that neither cross Virginia street nor the river, and of course there is no prefix necessary in giving the numbers on these streets. Note:—the word "Street" is understood.

- AITKEN, from Truckee e to city limits. 3d s of river.
- ALAMEDA AV, from S P Ry track n to city limits; 8 e of Virginia
- ALVARO, north from 6th; 9th w of Virginia.

# Reno Evening Gazette

NEVADA'S GREATEST NEWSPAPER

The Gazette has the largest paid circulation of any newspaper in the State of Nevada.

It is the only Nevada newspaper which belongs to the Audit Bureau of Circulations, and the only Nevada newspaper which opens its circulation books to all advertisers.

It carries more advertising—local, classified and foreign than any other Nevada newspaper.

It delivers twice as many papers every day into the City of Reno and its trading territory as any other newspaper.

It employs more mechanics, more reporters, more correspondents, operates a larger plant and prints more news than any other newspaper published in the State.

It is the only Nevada newspaper which has paid correspondents sending news by wire and mail from all Nevada points.

It receives the full twenty four hour report of the Associated Press.

## NAMES APPEARING IN BLACK LETTERS

In this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in **BLACK LETTERS** are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGES who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

A. DROMIACH, Proprietor

E. L. HART, Manager

## LAND OWNERS OF WASHOE COUNTY

Note.—In the following list are given the names of those who own upward of 1 acre in Washoe County, and who reside in Nevada. Non-resident tax payers are not given. These names have been obtained from the Official Tax Lists at the County Seat, and are therefore considered correct. Following the name of each land owner is given: First, number of acres owned; second, assessed valuation, third, owner's postoffice address.

**R. L. POLK & CO.'S**  
**1920-21**  
**CARSON CITY**  
**DIRECTORY**

**CARSON CITY**

Capital of Nevada and county seat of Ormsby County, on the Virginia & Truckee Railway, about 30 miles south of Reno. Population 3,000. Splendid school system, five churches of as many denominations, two daily newspapers, bank and express office. Seat of Federal Court for district of Nevada. Carson City is the gateway to Lake Tahoe (15 miles) and the Yosemite Valley (205 miles) via the famed Tioga Pass. It is the center of intermountain tourist travel and a fine free municipal camp ground with all conveniences has been provided for use of automobile tourists. Good Hotel accommodations may be had and close to the city are wonderful hot medicinal springs and bathing resorts. Extensive improvements have been made and are under way. New court house and Memorial building will occupy the two blocks opposite the Capitol, making a splendid civic center. Carson City is essentially a city of homes, with its fine location, good water and healthfull conditions, but opportunities are open for investment and development. An Irrigation plan is being seriously considered and recent mining developments in the hills surrounding the city give promise of the opening of several mines of merit. Carson City is regarded as one of the most progressive cities in the state and is making rapid strides in improvement. The Greater Carson Club performs the functions of a commercial club, and invites correspondence with people interested in the city or the wonderful section surrounding it. The Nevada State Prison, with interesting prehistoric footprints in its rock floors, the leading Indian basket industry of the West, railroad shops, creamery, magnificent state library, Stewart Indian Institute close at hand, Lake Tahoe at its back door, and good roads leading to every point of the compass are a few of the factors that contribute to the building of the city.
